Agenda item 18 (*a*)

Resolution adopted by the Economic and Social Council on 10 June 2015

[*on a proposal considered in plenary meeting (E/2015/L.13)*]

2015/11. Report of the Committee for Development Policy on its seventeenth session

The Economic and Social Council,

Recalling General Assembly resolutions 59/209 of 20 December 2004 and 67/221 of 21 December 2012, both on a smooth transition strategy for countries graduating from the category of least developed countries,

Recalling also that, in its resolution 59/209, the General Assembly decided that graduation from the least developed country category becomes effective three years after the date on which the Assembly takes note of the recommendation of the Committee for Development Policy to graduate a country from the category and that, during the three-year period, the country remains on the list of least developed countries and maintains the advantages associated with membership on that list,

Recalling further General Assembly resolution 65/280 of 17 June 2011, by which the Assembly endorsed the Istanbul Declaration[1] and the Programme of Action for the Least Developed Countries for the Decade 2011–2020,[2]

Recalling General Assembly resolution 69/15 of 14 November 2014, by which the Assembly endorsed the outcome document of the third International Conference on Small Island Developing States, entitled "SIDS Accelerated Modalities of Action (SAMOA) Pathway",

Recalling also its resolutions 1998/46 of 31 July 1998, 2007/34 of 27 July 2007 and 2013/20 of 24 July 2013,

Reiterating its conviction that no country graduating from the least developed country category should have its development progress disrupted or reversed,

Bearing in mind the importance of maintaining stability in the criteria and in the application of the established procedures for inclusion in and graduation from the least developed country category so as to ensure the credibility of the process and, consequently, of the category of least developed countries, while giving due consideration to the specific challenges and vulnerabilities and the development
